

## **Sundaram Applied Technologies Joins 2018 Tour de USA Cancer World Record Attempt**

Press Release Distribution Report  
May 23, 2018

**Congratulations** — Your press release has been submitted and successfully published on at least **502** sites across the internet, including local news sites under internationally recognized authority brands like ABC, Fox and NBC. It has also been syndicated to news RSS feeds and announced within the most popular newsdesk databases like Associated Press and MarketWatch that are collectively subscribed to by hundreds of thousands of journalists and bloggers.

## Google Pickup

[Click here to check out the pick-up in Google](#) to see how many pages Google has discovered and indexed, which represents just a partial list of where your release and news has been published, shared and discussed.

As always the success of your campaign is reliant on your efforts to craft compelling releases with the right keywords and language to get attention. Your success is our success and we are committed to helping you get more exposure. Please see the [PressCable training section](#) for our powerful strategies to get bigger results for your online venture.

# PR Details

**Title:** Sundaram Applied Technologies Joins 2018 Tour de USA Cancer World Record Attempt

**Date:** 2018-05-23

**Content:**

Angeles-based Sundaram Applied Technologies has joined as a sponsor for the inaugural [2018 Tour de USA® for Prostate Cancer](#). The event is a dual World Record attempt for the longest charity road rally and the charity road rally with the most participants. The rally begins on August 15, 2018 and ends back in Los Angeles on September 19th after traveling through 21 states and driving 9,341 miles in 36 days, right in the middle of National Prostate Cancer Awareness Month.

Manhattan Beach resident and Cancer Journeys Foundation President Robert Hess created the Tour de USA® road rally as a way to dramatically reduce America's annual prostate cancer death toll and highlight the support needs of America's 15+ million cancer survivors.

Said Hess, "Prostate cancer claims the lives of almost 28,000 American men every year because these men don't know they have the disease in time for effective treatment. The mission of the 2018 Tour de USA® is to make certain men know about the prostate cancer risk (one in seven men will have the disease) and about the Foundation's simple prostate cancer risk awareness tool, ProstateTracker App."

The Tour de USA® begins on August 15, 2018 and ends back in Los Angeles, after 36 days and 9,341 miles on the road. The team will be carrying a GPS tracker so people all across the US will be able to follow the Tour in real time on the Internet and join the drivers on the road as they come through each state. Event details are available on the Tour de USA® website at <https://TourdeUSA.Events>.

Anyone is able to participate in this world record attempt. Interested people sign can register on the Tour de USA website. Participants can meet the Tour de USA at the start of each day, at the mid-day rendezvous point, or at the end the day's drive. Cancer Journeys Foundation Founder Robert Hess will be doing a live stream broadcast twice each day and cancer survivors and caregivers are encouraged to meet him and tell their cancer journey story.

Says Hess, "We're especially excited to have Sundaram Applied Technologies as a Sponsor," said Hess. "Our goal with the Tour de USA® is to reach as many men as possible with the prostate cancer risk and early detection message. Sundaram Applied Technologies' support is helping make the rally possible." "In fact, Sundaram Applied Technologies' CEO, Prem Sundaram, played a key role in developing our prostate cancer early detection system - [ProstateTrackerApp.com](#).

About Sundaram Applied Technologies

Sundaram Applied Technologies helps companies create and transform technology visions into reality through practical technology and product development plans, particularly in developing and implementing compelling creative and innovative technology product visions. Sundaram Applied Technologies created [Index Cards for Window 10](#).

# Keyword Rankings

## Recorded Keyword Rankings: 1302

Our crazy tech monkeys have searched the web far and wide to find out what keywords your press release is ranking for. They worked hard and literally checked for hundreds of possible rankings.

Your press release ranked in the number one position in Google for 1159 keyword phrases and was in the top ten for 1246 phrases!

Below is a partial list of keyword rankings we were able to track. These rankings are a snapshot from the time we did our rank checking which was shortly after your release went live. These rankings are likely to change over time.

## Want Ongoing Keyword Tracking?

If you would like to track the rankings of your Press Release over time, then the only platform that has the technology to do this is Serped. It is the best all-in-one SEO and marketing agency research and reports platform, and as a PressCable customer you get access to a [special \\$1 trial here](#)

## Transmission to Content Partners & Media Archives

Your press release has been submitted and accepted into the editorial systems of our news desk, content and media archive partners.

These systems are used by hundreds of thousands of bloggers, journalists and news curators to search for the direct source of relevant news. How your news will be used is ultimately their decision.
